

Polisher with suction

Ref. 080500

The MESTRA polishing box is a compact, functional machine made entirely in stainless steel. It has two rubber screens in the polishing area to collect heavy particles. It is equipped with lighting LED and suction. It meets the most stringent regulations regarding safety and environment:

- ✓ General protection by means of fuses.
- ✓ Safeguard against unwanted start-ups in the absence of electrical power by means of a safety switch with manual reset.
- ✓ Silent self-contained suction unit (67 dB) with collection of particles by filter.
- ✓ Lighting by means of two antifatigue lamps.
